RE: Debris Removal Assistance for Affected Property Owners of the Almeda & Obenchain Fires

Dear Property Owner:

Your property was determined to have been an affected property in the Preliminary Damage Assessment after the Almeda and Obenchain fires. You are being contacted to advise that you may qualify for assistance in removal of hazardous waste and/ or ash and debris removal. There will be a form for each and you may choose either just hazardous waste removal or all debris removal. Please see the enclosed brochures for details on how this assistance works.

Enclosed is an agreement form for Right of Entry that must be filled out for you to participate in this program. Please review the Right of Entry Form carefully so you understand your obligations in that regard. If you have any questions regarding this program or filling out the form, please call the Oregon Right of Entry Processing Center help line at: 1-682-800-5737.

There are several ways you may fill out the form to participate:

- Mail the form to this address:  
Development Services  
ROE Form Enclosed  
10 South Oakdale Ave., Room 100  
Medford, OR 97501
- Hand in the form at the above address
- Online at [www.jacksoncounty.org/ROE](http://www.jacksoncounty.org/ROE) to sign a digital form
- Email a scan of the signed form to [ColemaRK@jacksoncounty.org](mailto:ColemaRK@jacksoncounty.org)

If you choose not to participate in the program we would ask that you let us know that by checking the I wish not to participate box, signing and sending back so we do not bother you again on this. Responses will need to be back to us by October 16, 2020.

Thank you
