## Exhibit "D"

### **ORS § 222.170**

#### **Annexation by Consent Before Public Hearing or Order for Election**

- (1) The legislative body of the city need not call or hold an election in any contiguous territory proposed to be annexed if more than half of the owners of land in the territory, who also own more than half of the land in the contiguous territory and of real property therein representing more than half of the assessed value of all real property in the contiguous territory consent in writing to the annexation of their land in the territory and file a statement of their consent with the legislative body on or before the day:
  - (a) The public hearing is held under ORS 222.120 (Procedure for annexation without election), if the city legislative body dispenses with submitting the question to the electors of the city; or
  - (b) The city legislative body orders the annexation election in the city under ORS 222.111 (Authority and procedure for annexation), if the city legislative body submits the question to the electors of the city.
- (4) Real property that is publicly owned, is the right of way for a public utility, telecommunications carrier as defined in ORS 133.721 or railroad or is exempt from ad valorem taxation shall not be considered when determining the number of owners, the area of land or the assessed valuation required to grant consent to annexation under this section unless the owner of such property files a statement consenting to or opposing annexation with the legislative body of the city on or before a day described in subsection (1) of this section. [Amended by 1955 c.51 §2; 1961 c.511 §2; 1971 c.673 §1; 1973 c.434 §1; 1983 c.350 §36; 1985 c.702 §11; 1987 c.447 §117; 1987 c.737 §4; 1999 c.1093 §12]

### **CITY OF PHOENIX LAND USE ELEMENT**

Adopted by ORD 1008 Page 24

#### **Policy 3.1**

The City Council may approve annexations, without referral to the City's entire electorate, when findings and facts show that development of the property or properties proposed for annexation would be consistent with the Plan and:

- A) That development on the land proposed for annexation can be served with all urban services and facilities without adverse impact on the availability, quality, quantity, or reliability of City services provided to or likely to be needed by:
  1. Existing development within the incorporated area, and
  2. Undeveloped, partially vacant, or redevelopable incorporated land (considering approved development plans or permissible densities as set out in the Plan), and
- B) Population impacts of the proposed development will not cause the City's population to grow at a rate in excess of the Comprehensive Plan, Populating Element's planned population. The population impact of residential lands development shall be computed by:
  1. Multiplying the gross area in square feet times 72 percent (to account for lands dedicated to streets) then,

2. Dividing by the maximum lot size permissible within the zone that would be applied to the property if annexed, and then,
3. Multiplying by the average occupancy associated with the dwelling type based upon the most recent U.S. Census.

Such analysis shall be submitted by the applicant at the time of application.

An annexation conforms to the Population Element if the average rate of population growth likely to result from annexation (considering development phasing of the proposed annexation) when added to the development of previously annexed lands (considering their phasing and historical rate of development) will not exceed 133 percent of the average annual population growth rate computed as follows:

Planned Population – most recent PSU1 estimate of population Forecast Year – the year of the most recent estimate.

### **Policy 3.2**

The City Council may, at its discretion, refer to the City's electorate any annexation that does not fully comply with Policy 3.1. The procedures described within ORS 222.130 regarding annexation elections shall be followed. A simple majority of votes cast shall determine the outcome.

### **Policy 3.3**

The Council may annex territory to the City, and dispense with the requirements of Policy 3.1 and 3.2 where the Oregon Health Division has issued a finding that a danger to public health exists because of conditions within the territory.

### **Policy 3.4**

All properties annexed to the City shall eventually be improved to City standards; including but not limited to street improvements, curbs, gutters, lighting, and other improvements included within the City's development standards or as may otherwise be specified by the City's Engineer, Public Works Director, or Planner and approved by the City Council. If required improvements are not proposed at the time of annexation, then the annexation agreement shall specify that the improvements shall be installed at the time of partitioning, subdivision, development or other time as approved by the Council.

### **Policy 3.5**

The City shall initiate proceeding to annex "islands" of unincorporated area within the City Limits immediately following their creation or as soon thereafter as practical when deemed to be in the overall best interest of the City. Such annexations are required to ensure orderly and equitable provision of public improvement, utilities, and community services, and to further growth and development of the community in accordance with this Plan.

### **Policy 3.6**

The City Council may initiate "contract annexation" or an alternative procedure, other than standard annexation, when it is determined that the community will derive significant economic advantage.
